TSET Overview

In 2000, Oklahoma voters overwhelmingly chose to create TSET, the Tobacco Settlement Endowment Trust. Oklahoma's forward-looking choice enables strategic programmatic investments in healthy communities, statewide organizations, and life-saving research. TSET extends the opportunity for all Oklahomans to have better lives through better health – for generations to come.

Oklahoma Tobacco Helpline Participants

The Oklahoma Tobacco Helpline provides free telephone and web-based tobacco cessation "coaching" sessions and free nicotine patches, gum and lozenges. Since 2003, the Helpline has served more than 300,000 Oklahomans, saving an estimated $18 million each year in direct medical costs from tobacco users who have quit with the Oklahoma Tobacco Helpline.

TSET

Statewide Grants

TSET provides grants to communities and health systems to prevent and reduce tobacco use and obesity. Grantees submit annual budgets and work plans. In some cases, grantees are able to leverage federal dollars through the Oklahoma Health Care Authority to expand reach and impact. TSET funds about 40 to 50 percent of the total program cost for health systems grants.
