Healthy Living Program Grants

TSET Healthy Living Program grants are designed to prevent cancer and cardiovascular disease by preventing and reducing tobacco use and obesity on a local level. Using a comprehensive approach, grantees work with businesses, city governments, community organizations and schools to encourage healthy eating, physical activity and tobacco-free lifestyles.

TSET: INVESTING IN HEALTH

Established by voters, the Oklahoma Tobacco Settlement Endowment Trust (TSET) is a state grantmaking trust devoted to preventing cancer and cardiovascular disease, Oklahoma's leading causes of death. By awarding grants to schools, communities, state agencies and partner organizations, TSET works to improve the health of Oklahoma's citizens. It also funds research and emerging opportunities in the public and private sectors. TSET initiatives are addressing Oklahoma's most pressing public health issues — and creating healthier places for all Oklahomans to live, work, learn and play.
