Healthy Living Program Grants

TSET Healthy Living Program grants are designed to prevent cancer and cardiovascular disease by preventing and reducing tobacco use and obesity on a local level. Using a comprehensive approach, grantees work with businesses, city governments, community organizations and schools to encourage healthy eating, physical activity and tobacco-free lifestyles.

Grantee: McClain—Garvin Youth & Family Services/ Frontline Family Services	FY16-Present	\$887,066
Grantee: Norman Regional Health System - McClain County	FY16-Present	\$1,245,400
Grantee: Norman Regional Health System - Grady County	FY16-Present	\$1,293,300

Incentive Grants

TSET Healthy Incentive Program for Schools and Communities promote wellness through grants to schools, school districts and local communities that adopt health promoting policies and strategies. They are designed to encourage healthy eating, physical activity and tobacco-free lifestyles.

Healthy Communities Incentive Grants

City of Blanchard	\$50,000
City of Lindsay	\$2,000
City of Newcastle	\$25,000
City of Purcell	\$10,000

Healthy Schools Incentive Grants

Central High Elementary School	\$1,500
Central High Public Schools	\$3,000
Comanche Public Schools	\$20,000
Washington Public Schools	\$5,000

The Oklahoma Tobacco Helpline provides free telephone and web-based tobacco cessation “coaching” sessions and free nicotine patches, gum and lozenges. Since 2003, the Helpline has served nearly 400,000 Oklahomans, saving an estimated

\$18 million each year in direct medical costs from tobacco users who have quit with the Oklahoma Tobacco Helpline.

District Fiscal Year 2019: **657** District Cumulative: **5626**

Stephenson Cancer Center

TSET funds cancer treatment and research at the Stephenson Cancer Center in support of TSET’s mission to decrease the burden of cancer by promoting, coordinating and supporting innovative cancer research that allows Oklahomans of all ages to receive cutting-edge care without leaving the state. TSET’s grant to the Stephenson Cancer Center supports the TSET Phase I Clinical Trials Program, recruits scientists to Oklahoma, awards research grants to Oklahoma scientists, and leverages funds to advance behavioral and cessation research in Oklahoma.

TSET’s research grants advance discoveries, add to the knowledge base and provide hope.

District Participation 2012-2019: **203***

*Patients that have participated in interventional clinical trials at the Stephenson Cancer Center

Physician Manpower Training Commission

Through a grant with the Physician Manpower Training Commission, TSET funds are used to recruit primary care physicians to medically underserved areas by offering medical school loan repayment assistance through the Oklahoma Medical Loan Repayment Program. Doctors care for Oklahomans insured by SoonerCare and are trained on how to talk to patients about quitting tobacco use and refer patients to the Oklahoma Tobacco Helpline, also funded by TSET.

Participants must accept Medicare billing and agree to establish a practice in a medically underserved area of the state for up to four years.

To date, 61 doctors have been placed in rural areas through the Oklahoma Medical Loan Repayment Program.

TSET: INVESTING IN HEALTH

Established by voters, the Oklahoma Tobacco Settlement Endowment Trust (TSET) is a state grantmaking trust devoted to preventing cancer and cardiovascular disease, Oklahoma's leading causes of death. By awarding grants to schools, communities, state agencies and partner organizations, TSET works to improve the health of Oklahoma's citizens. It also funds research and emerging opportunities in the public and private sectors. TSET initiatives are addressing Oklahoma's most pressing public health issues — and creating healthier places for all Oklahomans to live, work, learn and play.

BECAUSE OF TSET,
OKLAHOMA SMOKING RATES HAVE DROPPED

10 X FASTER

THAN SIMILAR STATES.*
