

TSET HEALTHY SCHOOL IMPLEMENTATION GRANT CRITERIA (FY20)

TSET HEALTHY SCHOOL IMPLEMENTATION GRANT REQUIREMENTS		Documentation to be submitted <i>For examples, implementation ideas and helpful information, please refer to the resource guide</i>
One Star Level 		
Whole School, Whole Community, Whole Child The School will incorporate the Whole School, Whole Community, Whole Child (WSCC) model as a framework for improving students learning and health in school. This model combines and builds on elements of the traditional Coordinated School Health approach from the Centers for Disease Control and Prevention and the Whole Child framework by the ASCD. Whole School, Whole Community, Whole Child		The School Wellness Committee/Council members are to be familiar with the WSCC model and use the framework to help integrate health and learning at school.
Wellness Policy		
1	The school has an active Safe, Healthy & Fit Advisory or Wellness Committee/Council that has meet at least twice in the last 12 months. (Small districts with 3 or less schools may have one joint committee) The Committee should include parents and students (Upper Elementary, Middle & High School) and the committee will be tasked with supporting the school in developing a healthier school environment. Suggested activities include completing a school health assessment (CDC’s School Health Index). Committee members can include: Parents, students, Child Nutrition staff, PE teachers, school health professionals, school administrator, public health organization representatives, local government representatives and the general public.	Upload 2 sign-in rosters that include: date, member’s present, and title.
2	The District Wellness Policy is made available to parents and the public. USDA Requirement	Provide documentation on the availability and location of the policy (i.e., Link to policy on district website or information about where policy can be found)
3	The district has designated someone at the school site to take the lead to ensure compliance with the wellness policy. USDA Requirement	List Designated Staff Person by name and title
4	The district/school will notify parents and the community about the content and implementation as well as any changes to the wellness policy. USDA Requirement (e.g., link to wellness policy on District Website, published in local newspaper or in information sent home to families, District messaging system, etc.)	Describe how your school notifies parents and the community about the District Wellness Policy

TSET HEALTHY SCHOOL

IMPLEMENTATION GRANT CRITERIA (FY20)

24/7 Tobacco-Free Environment		
5	School displays signage at entrances to school property, communicates and enforces 24/7 Tobacco Free Policy including use of electronic cigarettes or any other product or device packaged for smoking or the simulation of smoking on all school property. The enforcement applies to all employees, students, visitors and any other person on school property. This enforcement applies to all off-campus school-sponsored or school sanctioned events and to school vehicles at all times and personal vehicles while on school property. The school will not accept any donations or services that are funded by the tobacco industry	5a. Scanned copy of pertinent page(s) from student handbook or Student/Parent Policy Guide 5b. Description of enforcement steps and consequences if a student violates the policy 5c. Upload pictures of tobacco free signage
6	School actively promotes the Oklahoma Tobacco Helpline to faculty, staff, students and parents. Oklahoma Helpline Promotional Materials	Upload picture(s) of Helpline information posted. (i.e., faculty lounge, bulletin board, or a screen shot of district or school web site if helpline information is on the website)
School Meal Requirements		
7	The Child Nutrition Program serves reimbursable meals that meet the United States Department of Agriculture's (USDA) requirements and follow the Dietary Guidelines for Americans	Is your school's Child Nutrition Program following the USDA requirements? Yes No
8	The school will send applications for reimbursable meal programs to families at the beginning of the school year and have applications available throughout the year, or the school participates in the community eligibility program.	Yes No
9	The school informs families about the availability of breakfast for students	Yes No
10	The school provides breakfast through the USDA School Breakfast Program, and all students are encouraged to start the day with a healthy breakfast	Yes No
11	School provides clean and safe drinking water that is available throughout the school day at no cost to students. USDA requires that water is provided to students during meal service times.	Drinking water is available to students free of charge at all times during the school day. Yes No
12	Food and beverages are not used to reward or punish academic performance or student behavior. USDA requirement	Yes No

TSET HEALTHY SCHOOL

IMPLEMENTATION GRANT CRITERIA (FY20)

13	School will promote activities to involve students and parents in the School Lunch Program. USDA requirement (e.g. Cafeteria tours on back to school night or open house, host an invite your parent to lunch day, bulletin board, newsletter about the importance of school meals, engage students –make it “cool to eat at school” etc.)	Describe one of your schools activities
14	Students are provided sufficient lunch periods that are long enough to give all students adequate time to be served and eat their lunches	Yes or No
Competitive Foods and Beverages		
15	All competitive foods and beverages sold to students during the school day meets or exceeds the USDA’s Smart Snacks Standards (Foods and beverages that are sold on campus outside of the federal reimbursable school meals program during the school day e.g., in vending machines or school stores). USDA requirement. Note: This does not include Fundraisers held during the school day that the school has a valid exemption for.	Does your school only sell snacks that meet the USDA Smart Snacks in School Standards, with the exception of approved fundraisers that are not held during meal service times? Yes or No
Other Foods Provided at School		
16	No more than six times a year are students provided (not sold) foods and beverages (for classroom birthdays, parties, and school celebrations) that do not meet the Smart Snacks standards	Provide a list of designated party and celebration days.
Fundraising		
17	When fundraising during the school day, no more than 28 exempted Fundraising Days are allowed for Foods or Beverages that do not meet the Smart Snack standards. The school will encourage fundraisers that promote physical activity. Important Note – Food items that do not meet the Smart Snack Standards are not allowed to be sold during meal service times. USDA requirement.	Provide Name of fundraiser coordinator and provide a list of exempted fundraisers and the number of days for each fundraiser.
18	At least 10 % of foods and beverages offered at after-school concessions, or as a part of fundraisers held outside of school hours must comply with the USDA’s Smart Snacks standards. Schools are encouraged to promote physical activity or non-food fundraisers.	18 a. Provide a list of School & School Organization fundraisers. If after school concessions are offered at school activities (sports games, fine arts programs, etc.) 18 b. Upload a photo of concession stand with healthy items available for students and patrons to purchase.

TSET HEALTHY SCHOOL

IMPLEMENTATION GRANT CRITERIA (FY20)

Nutrition Education		
19	Nutrition education is provided in all grades and is integrated into the core curriculum to provide students the knowledge and skills necessary for lifelong healthy eating behaviors. USDA Requirement	School to upload two examples of a grade level lesson plan
Rewards and Punishment		
20	Food and beverages will not be used to reward or punish academic performance or student behavior. USDA Requirement	Foods and beverages are not used to reward or punish performance or behavior Yes or No
Nutrition and Healthy Food Promotion		
21	The School will exhibit posters, signs, or other displays on campus that promote healthy nutrition choices	Upload picture
22	School to list two unique ways the school is participating in healthy food promotion	List two examples of Healthy Food Promotion
Food and Beverage Marketing		
23	Only foods and beverages that meet the USDA's Smart Snacks standards are marketed in schools. USDA Requirement, Important Note: If you have a vending machine that features items such as: Coke or Pepsi, you can request the company that holds the beverage contract to change the "skins" on the machine.	Upload picture(s) of areas where snacks are sold if applicable
Staff Qualifications and Training		
24	Annual training is required for all Child Nutrition staff in basic nutrition education, safe food preparation, and nutrition standards for healthy meals	Provide the date, name of the person or organization providing the training, agenda and sign in sheet for the training.
Physical Activity		
25	The school encourages all students to participate in 60 minutes of physical activity each day, through physical education, exercise programs, after-school activities or athletics, fitness breaks, recess, classroom activities, or encouragement for students to participate in physical activity at home. The school can encourage student participation by hosting before, during or after school activities or clubs, announcements encouraging activity, newsletters, sharing information about community physical activity events, etc.	Describe how your school is encouraging students to get 60 minutes of physical activity each day.

TSET HEALTHY SCHOOL

IMPLEMENTATION GRANT CRITERIA (FY20)

Recess and Physical Activity Breaks		
26	The school incorporates physical activity into the curriculum to allow students short breaks throughout the day to let them stretch, move around, and break up the time spent sitting. These activity breaks may take place during and/or between classroom time.	Describe two examples of how your school implements physical activity breaks.
27	Faculty will receive training on how to integrate physical activity into the curriculum. The training may be conducted by the school's physical education faculty or through staff development training.	Upload sign-in sheet, with date and trainer name
28	Elementary students (K– 5) are provided at least 20 minutes of recess during the school day (not including PE time)	Elementary Schools Only Upload a copy of the recess schedule Middle/High Schools N/A
29	The school strongly encourages teachers to use physical activity as a reward.	Yes No
Physical Education		
30	Elementary students (K -5) participate in at least 60 minutes of PE per week SB 321	Yes No NA
31	Elementary students (K – 5) participate in an additional 60 minutes of physical activity each week. This may include, but is not limited to: physical education, exercise programs, fitness breaks, recess, classroom activities, and wellness and nutrition education. SB 1186	Yes No NA
32	Middle and high school students (6 – 12) that participate in PE will participate in at least 225 minutes of PE throughout the (block, semester, year)	Yes No NA
33	The school has a comprehensive, standards-based PE curriculum for each grade level. SB 1876	Yes No
34	Students are engaged in moderate to vigorous physical activity at least 50% of PE class time. SB 1876	Identify strategies that are used on a regular basis in PE classes to encourage moderate to vigorous physical activity
35	During PE, students will be given the opportunity to participate in many types of physical activity, including both cooperative and competitive games	List a few examples of cooperative and competitive games students participate in

TSET HEALTHY SCHOOL IMPLEMENTATION GRANT CRITERIA (FY20)

Active Transportation		
36	The school encourages students and their families to walk and bike to and from school. For schools where it is not safe to encourage walking or biking list alternative examples of how the school encourage students to be physically active.	Describe how your school encourages active transportation or alternative physical activity
After-School Programs		
37	School sites with after-school programming, will require 20% of program time to be dedicated to physical activity, which includes a mixture of moderate to vigorous physical activity.	Yes No NA
Other Activities that Promote School Wellness		
38	School is participating in activities to promote school wellness	Describe one activity that your school site is participating in.
39	The school is currently a Certified Healthy School. If the school is not currently Certified ,the school will apply through the Certified Healthy Oklahoma Program during the next application cycle, August 1 st – November 1 st http://certifiedhealthyok.com/	39 a. Yes No 39 b. If No date school will apply
Staff Wellness		
40	The school will encourage that foods and beverages served at staff meetings, trainings, special occasions have healthy options (meets Smart Snack Guidelines) available	Yes No
41	The school will encourage faculty and staff to participate in physical activity	Yes No
42	The school will provide information to staff about local physical activity resources and facilities such as local walking trails, community parks, recreation facilities and opportunities for physical activity available at school or district sites	Yes No
43	At least one Faculty member and one staff person is trained to administer CPR	Yes No

TSET HEALTHY SCHOOL IMPLEMENTATION GRANT CRITERIA (FY20)

TSET HEALTHY SCHOOL IMPLEMENTATION GRANT REQUIREMENTS		
Two Star Level ★★		
School Meets All One Star Criteria +		
Wellness Policy		
1	The Safe, Healthy & Fit Advisory or Wellness Committee/Council that has meet at least three times in the last 12 months	Upload an additional sign-in sheet and minutes (3 total)
2	Parents and students have the opportunity to provide input into the implementation of wellness policy activities	Describe two ways the school has given parents and students the opportunity for input to the implementation of wellness policy activities
3	School is actively working to implement the district wellness policy	List at least two goals in nutrition and two goals in physical activity that the school would like to focus on as an area that needs improvement
4	The school should access their compliance with the wellness policy and make recommendations to the district	Provide recommendations made to the district.
School Meal Requirements		
5	School meals are accessible, appealing, and attractive to students	Yes No
6	School meals are served in a clean, pleasant, and supervised setting	Yes No
7	School meals are high in fiber, free of added trans fats, and low in added fats, sugar, and sodium	Yes No
8	Students are allowed to bring drinking water from home and take water into the classroom, provided that the water is in capped container, such as a bottle to prevent spills	Yes No
9	All water sources and containers are maintained on a regular basis to ensure good hygiene standards (includes drinking fountains, water jugs, hydration stations, and other methods for delivering drinking water)	Yes No

TSET HEALTHY SCHOOL

IMPLEMENTATION GRANT CRITERIA (FY20)

10	The school will distribute materials to inform families of the availability and location of free Summer Food Service Program meals for students when school is not in session.	Describe how your school informs families of the availability of the Summer Food Program. If the program is not available in your area please discuss barriers to having a program
11	Students are allowed at least 10 minutes for breakfast and 20 minutes to eat lunch from the time they are seated.	Upload copy of school lunch schedule
Other Foods Provided at School		
12	No more than three times a year are students provided (not sold) foods and beverages (for classroom snacks , birthdays, parties, and school celebrations) that do not meet the Smart Snacks standards	Provide a list of designated party and celebration days.
13	The school will provide parents and teachers with a list of ideas for healthy food as well as non-food alternatives for classroom parties	Upload a copy of what your school provides to teachers and families for healthy food ideas for parties and non-food alternatives
Fundraising		
14	When fundraising during the school day, no more than 14 exempted Fundraising Days are allowed for Foods or Beverages that do not meet the Smart Snack standards. The school will encourage fundraisers that promote physical activity. Only foods and beverages that meet the Smart Snack Standards can be sold during meal service times. USDA requirement Exempted fundraisers must be tracked	Provide Name of fundraiser coordinator and provide a list of exempted fundraisers and the number of days for each fundraiser.
15	At least 25 % of foods and beverages offered at after-school concessions, or as a part of fundraisers held outside of school hours must comply with the USDA's Smart Snacks standards	15 a. Provide a list of School & School Organization fundraisers. If after school concessions are offered at school activities (sports games, fine arts programs, etc.) 15 b. If applicable upload a photo of concession stand with healthy items available for students and patrons to purchase.
Nutrition Education		
16	Nutrition Education for all students will include education on: What it means to eat healthy, consume the proper nutrients, and maintain a wholesome and balanced diet, how to read food labels and understand the problems associated with unhealthy food marketing.	Schools Nutrition Education meets criteria Yes No

TSET HEALTHY SCHOOL

IMPLEMENTATION GRANT CRITERIA (FY20)

17	School's nutrition education complies with state learning objectives and standards.	Schools Nutrition Education complies with state standards Yes No
18	Schools nutrition education provides opportunities for students to practice and apply the skills and knowledge taught in the classroom	Students are provided opportunities to practice and apply skills Yes No
Rewards and Punishment		
19	Candy will not be used to reward academic performance or student behavior. (Exceptions are allowed when required by a student's IEP, 504, or behavior management plan but alternative rewards for student health should be considered)	Yes No
Nutrition and Healthy Food Promotion		
20	The school will provide age-appropriate activities such as contests, food demonstrations, and taste-testing that promote healthy eating habits. See resource guide for additional ideas	Describe two activities your school is doing to promote healthy eating habits
21	School staff is encouraged to display healthy eating habits and physical activity choices to students (e.g. eating with students during meal times, consuming only healthy snacks, meals, and beverages in front of students, sharing positive experiences with physical activity, etc.)	Describe how this information is relayed to your faculty and steps your school took to gain teacher "buy in" and compliance with your faculty
Staff Qualifications and Training		
22	The school's Child Nutrition Staff will organize and participate in educational activities that support healthy eating behaviors and food safety.	Describe your schools activities and how your schools Child Nutrition staff are participating in efforts to support healthy eating and food safety
Farm to School Activities		
Farm to School is a program through which schools buy and feature locally (from with-in the State of Oklahoma) produced, farm-fresh foods such as fruits and vegetables, eggs, milk, honey, meat, and beans. Child Nutrition Programs can purchase products through the normal food procurement process, through the DOD program, or through the districts food distribution partners.		
23	School participates in at least three Farm to School Activities. See resource guide for examples of how schools can highlight Oklahoma grown or produced products	Describe activities and upload pictures of activities

TSET HEALTHY SCHOOL

IMPLEMENTATION GRANT CRITERIA (FY20)

Recess and Physical Activity Breaks		
24	The school will develop indoor recess guidelines to ensure elementary students can have adequate physical activity on days when recess must be held indoors. See resource guide for Recess Planning Template	24 a. Elementary Only - Upload recess guide 24 b. Middle School/High School NA
Physical Education		
25	PE classes allow for all students to have an equal opportunity to participate in PE	Yes No
26	Students in PE participate in moderately to vigorous activity more than 50% of the time	Yes No
Teacher Qualifications, Training and Involvement		
27	School will allow teachers the opportunity to participate in or lead physical activities throughout the school day	Upload two photos of classroom teachers leading physical activities
Punishment and Rewards		
28	Physical activity opportunities are not used or withheld as a punishment (<u>students do not miss recess or PE for behavior or to make up assignments</u>) <i>Please note that this does not apply to participation on sports teams that have specific academic requirements. Students in ISS may be offered an alternative activity.</i>	Yes No
29	The school provides a list of alternative ways for teachers and staff to discipline students. See Resource Guide for suggestions	Upload list
Active Transportation		
30	The school consults with local officials to find the safest or preferred routes to school and share the information with parents.	Provide information about how the school worked with local officials to designate the safest routes to school
31	The school will promote National and International Walk and/or Bike to School Day See Resource Guide	Describe how the school promoted walk/bike to school day
After-School Programs		
32	After-school programing will utilize outdoor space for physical activity as much as possible each day (weather permitting and with appropriate protection from the elements)	Yes No NA
33	After-school programing will provide equal opportunities for children and youth with disabilities to be physically active	Yes No NA

TSET HEALTHY SCHOOL

IMPLEMENTATION GRANT CRITERIA (FY20)

34	After-school programming will encourage staff to join children and youth in physical activity whenever possible	Yes No NA
35	Snacks served as part of the After School Snack or Meal Program (reimbursed through the USDA) meet the Smart Snacks in Schools guidelines	Yes No NA
Other Activities that Promote School Wellness		
36	School is participating in activities to promote school wellness, can be student, staff or community wellness activities (e.g. Health & Wellness information in newsletters, taste testing's, back pack program, family activity nights, non-food rewards, etc.)	List two additional school wellness activities
Staff Wellness		
37	Healthy options for foods and beverages are available at staff meetings, trainings, special occasions and other workplace gatherings	Yes No
38	School will promote walking meetings	Yes No
39	School encourages 10-minute physical activity breaks into every hour of sedentary meetings when possible	Yes No
40	School provides access to on-campus &/or district athletic facilities such as gyms, walking or running tracks, basketball courts, tennis courts and swimming pools	Describe what facilities are available for your staff
41	Promote stairwell use, if applicable, throughout the workday by making stairs appealing and posting motivational signs	Yes No NA
42	Use posters, pamphlets, and other forms of communication to promote physical activity	Yes No
43	School has conducted an employee wellness needs or interest survey	Discuss the findings of the survey (what programs or activities were of most interest to your employees) and plans for implementation
Community Involvement		
44	The school will provide outreach and communication that is culturally appropriate and translated as needed	Yes No
45	School connects students and families to physical activity opportunities in the community (e.g. sending home flyers, website, newsletters)	Describe how physical activity opportunities in the community are promoted by the school

TSET HEALTHY SCHOOL

IMPLEMENTATION GRANT CRITERIA (FY20)

46	<p>School supports active youth engagement programs such as: Student Wellness Team, Students Against Destructive Decisions (SADD), Students Working Against Tobacco (SWAT), FCCLA, Student Council, Youth in Government, Scouting Programs, Peer Mediation. Required for secondary schools, Age appropriate programs encouraged for elementary schools</p>	<p>Yes No N/A Provide list of youth engagement programs if applicable</p>
----	--	---

TSET HEALTHY SCHOOL IMPLEMENTATION GRANT CRITERIA (FY20)

TSET HEALTHY SCHOOL IMPLEMENTATION GRANT REQUIREMENTS		
Three Star Level 		
School meets all 1 Star and 2 Star Requirements +		
Wellness Committee/Council		
1	The Safe, Healthy & Fit Advisory or Wellness Committee/Council that has meet at least four times in the last 12 months	Upload an additional sign-in sheet and minutes
2	School's wellness goals are integrated into the overall School Improvement Plan	Discuss which wellness goals have been integrated into the School Improvement plan and progress on implementing goals
3	School utilizes the Wellness Committee/Council to address Chronic Absenteeism. Staff members that serve on the school wellness team are in a unique position to be able to help address chronic absenteeism and offer suggestions and interventions for those students who are consistently missing 10% or 2 or more days of school a month	School wellness committee/council will identify ways they can help reduce chronic absenteeism at your school
School Meal Requirements		
4	School meals are respectful of cultural diversity (students will be encouraged to suggest local, cultural, and favorite ethnic foods) and religious preferences	Yes No
5	Meals are reviewed by a registered dietitian or certified nutrition professional or based on a meal plan provided by a professional resource (such as the State Department of Education, the USDA, the Alliance for a Healthier Generation, or The Lunch Box)	Yes No
6	Students are provided drinking cups or glasses in places where school meals are served or water fountain is readily available	Yes No
7	The school will post information on the nutritional content and ingredients of school meals on the menus in the cafeteria, on the District website or school website, and/or in school newsletters	Describe how your school posts nutrition information
8	The school participates in at least 6 Smarter Lunchroom techniques. See resource guide	Describe how your school is implementing the Smarter Lunchroom techniques

TSET HEALTHY SCHOOL

IMPLEMENTATION GRANT CRITERIA (FY20)

Other Foods Provided At School		
9	No more than two times a year are students provided (not sold) foods and beverages (for classroom shared snacks , birthdays, parties, and school celebrations) that do not meet the Smart Snacks standards	Yes No
Fundraising		
10	When fundraising during the school day, only fundraisers that feature physical activity, non-food items or foods and beverages that meet the Smart Snacks standard will be permitted.	Provide a list of physical activity fundraisers and any Smart Snack Complaint fundraisers
11	Do your fundraising activities promote any particular food brands	Yes No
12	At least 50% of foods and beverages offered at after-school concessions, or as a part of fundraisers held outside of school hours must comply with the USDA's Smart Snacks standards	12 a. Provide a list of all fundraisers. 12 b. If after school concessions are offered at school activities (sports games, fine arts programs, etc.) upload a photo of concession stand with healthy items available for students and patrons to purchase.
Nutrition Education		
13	School provides nutrition education to staff	Upload Staff Development sign-in with date, trainer, and title
14	School ensures nutrition education is promoted to families and the community	Provide example of how your school is providing nutrition education to families and the community
Nutrition and Healthy Food Promotion		
15	The school will offer information to families (e.g. communications with parents, educational workshops, screening services, and health-related exhibitions and fairs) and encourage them to teach their children about nutrition and healthy eating behaviors.	Describe how your school is providing information to families
Food and Beverage Marketing		
16	Schools may not market or advertise any corporate brand unless every food and beverage product manufactured, sold or distributed under the corporate brand name can be served or sold on the school campus during the school day	Upload pictures of student vending machines, student store menu boards, score boards, etc. if available at your school

TSET HEALTHY SCHOOL

IMPLEMENTATION GRANT CRITERIA (FY20)

Farm to School and School Gardens		
17	School participates in at least three additional Farm to School Activities. See resource guide for examples of how schools can highlight Oklahoma grown or produced products	Describe your schools additional Farm to School Activities
18	School hosts a school garden, tower garden, or grows fruits, vegetables or herbs as part of the curriculum	Upload pictures of your schools activities
Recess and Physical Activity Breaks		
19	School will make every effort to hold recess before lunch, in order to increase food consumption, reduce waste, and improve classroom attentiveness when students return from lunch	Elementary Schools Only Yes No
Physical Activity and Physical Education		
20	School offers before &/or after school physical activity opportunities outside of the school athletic programs (walking the track or gym before school, running or jump rope clubs, intramural programs)	Describe your schools before &/or after school physical activity opportunities
21	PE classes have equipment available to afford all students an equal opportunity to participate in PE	Yes No
22	PE classes are encouraged to have a teacher/student ration comparable to core subject classroom size	Yes No
Teacher Qualifications, Training and Involvement		
23	PE classes will be taught by licensed teachers who are certified or endorsed to teach PE	Yes No
Grounds, Facilities, and Equipment		
24	The school will ensure the availability of proper equipment and facilities that meet safety standards and will conduct necessary inspections and repairs	Yes No
Community Use of Recreational Facilities		
25	The school will encourage staff, students and their families to participate in physical activity outside of the school day, by allowing use of school recreational facilities (e.g. Playground, walking track, etc.) Use should be consistent with district policy regarding the use of school facilities during non-school hours.	Describe how your school provides community use of recreational facilities outside of the school day

TSET HEALTHY SCHOOL IMPLEMENTATION GRANT CRITERIA (FY20)

Active Transportation		
26	School provides bike racks	Yes No
27	The school will participate in National Walk to School Day, either by hosting or participating with another school (e.g. high school / middle school students walk with elementary school students) If your school site is not safe to promote walking, the school may participate in another event that promotes walking	Describe how your school participates in the National Walk to School Day or promotes walking or biking
28	The School encourages parents to supervise groups of children who walk or bike together to and from school (Walking School Bus)	Yes No NA
After-School Programing		
29	After-school programing will limit screen time to less than 60 minutes per day to be used only for homework and other educational or physical activity purposes	Yes No NA
Other Activities that Promote School Wellness		
30	School is participating in activities to promote school wellness, can be student, staff or community wellness activities	List two additional school wellness activities
Staff Wellness		
31	At least 25% or more of the foods and beverages available at staff meetings, trainings, special occasions and other workplace gatherings will meet the Smart Snacks standards for healthy snacks or entrees.	Yes No
32	At least 25% or more of the foods and beverages available for sell to faculty and staff in breakrooms or lounges will meet the Smart Snacks standards. If your school does not have vending machines, consider starting a Healthy Pantry at your school site. A link to the Thrive Oklahoma Employee Wellbeing Healthy Pantry Toolkit is included in the Resource Guide	Yes No
33	Staff has access to a refrigerator, microwave, and sink with water faucet	Yes No
34	School partners with community organizations or agencies to offer staff accessible and free or low-cost healthy eating/weight management programs	Yes No
35	Participate in 10-minute physical activity breaks into every hour of sedentary meetings when possible	Yes No
36	Promote employee participation in physical activity by creating exercise clubs or groups and/or encouraging employee sports teams.	Describe how your school is encouraging physical activity for your employees

TSET HEALTHY SCHOOL

IMPLEMENTATION GRANT CRITERIA (FY20)

37	Partner with community organizations or agencies to offer voluntary health screenings to staff, including free or low-cost health assessments	Describe the community organizations or agencies that partner with your school
38	Partner with community organizations or agencies to provide stress management programs to staff	Yes No
39	Provide access to a private space (other than a restroom) that has an electrical outlet, to allow nursing mothers the opportunity to express breast milk and/or breastfeed	Yes No
38	Partner with community organizations or agencies to offer immunization clinics (e.g., flu, Tdap, etc.)	Yes No
39	Provide or partner with community organizations or agencies to offer free or low-cost first aid and CPR training	Yes No
Professional Development		
40	Provide staff with educational resources and annual training in health and health-related topics. Training can be conducted by school or outside agency/organization staff. A link to CDC Training Tools for Healthy Schools Professional Development is included in the Resource Guide	Upload at least one staff development training sign-in sheet with date, title of presentation and list of attendees
Community Involvement		
41	School utilizes community resources to provide physical activity and/or nutrition education to students and/or their family	Describe how your school is utilizing community resources for physical activity and nutrition
42	School involves community organizations in school health decision making	Describe how your school involves community organizations in school health decision making
43	School involves community organization in school health initiatives	Describe how community organizations are involved in school health initiatives
44	School works with community organizations, businesses, or local hospitals to plan community events that promote health and wellness for students, families and community members	Describe how your school is working with community partners to promote health and wellness events for your students, families and community members.
